

Reception Class Newsletter

Our ref; DP

5th December 2025

Dear Parents/Carers,

This week the children have been learning all about people who help to look after us, including Doctors, Nurses and Dentists.

We have also continued with our 'Prophecy and Promise' RE topic and the children have started to learn about the importance of the Nativity story.

During our Maths sessions we have been working on 'comparison'. The children have been learning how to identify when there are more, fewer and equal amounts of objects. This would be a great one to practise at home when playing/eating tea with your children. Ask the children who has more/fewer/the same or equal amounts.

Next week we will be continuing to look at 'People who help us' focusing on the fire service and coastguards.

Thank you for your co-operation.

Mrs Parry.

Reception Class Teacher

Reminders
