Reception Class Newsletter

Our ref; DP

9th October 2026

Dear Parents/Carers,

The children have had lots of fun practising their weaving skills whilst making their Rainbow Fish.

I hope that you have all had chance to play the phonics games with your children. It is essential that children are able to rhyme, identify the first sounds in words and orally blend and segment before they can start to learn letter sounds and read words.

The children have been practising subitising (recognising how many without counting) this week and have had fun practising this by playing a Matching Bingo game.

Also, throughout next week, the children will be learning about the five senses. The children will be taking part in lots of fun activities, which will involve them tasting, touching, smelling, listening and looking at different objects. As we will be tasting and handling different foods etc, ***I would be grateful if you could advise me as to whether your child has any allergies which would prevent them from taking part in the above activities. (Please advise of any allergies, even if you have already advised the office). If I do not hear from you, I shall presume that your child is able to take part.***

Thank you for your co-operation.

Mrs Parry.
