

Religious Education

Our topics for this term will be holidays and Holidays as well as celebrating Pentecost and reaffirming their faith with collective worships

Art

The children will be using their drawing, sculpting and designing skills to design their own original African mask as part of our theme.

History

The children will learn about the history of toys. Children will identify the very first toy invented as well as toys across different times, with a focus in comparing toys from living memory and beyond living memory

English

At the beginning of the term we will be reading Handa's surprise as it links to our main topic Africa, the children will retell the story and then create their own story following the storyline of Handa's surprise

Later in the term the children will be writing poems about different toys we play with.

Summer 2022

Year 1

Class teachers; Mr Ahmed and Mrs Birchall

What an exciting term ahead ...!

Through learning and loving we will follow Jesus.

Mathematics

A big focus this term will be on reading and writing numbers up to 100. There will be lots of work on counting too. We will be using objects and counters to help us to calculate addition and subtraction questions. We will also be beginning early multiplication and division through grouping and sharing

Science

In Science, the children will be learning about different types of species of animals.

Later in the term, the children will learn about materials. Looking at the different properties and names of materials that make various objects.

Geography

The children will be learning about different oceans and continents that make up our world. With a focus on a specific continent for our mapping skills Africa.
