
History

During our history sessions, we will be learning all about The Stone Age to The Iron Age. This is a very exciting topic where we will paint cave art, read stories set in the Stone Age, learn about Stone Age animals, handle artefacts and understand how our world has changed over time. We will create our own timelines too. We may even see some real artefacts from the stone age!

Science

Our first topic will be Rocks. We will learn about the different types of rocks through scientific enquiry and investigation. We will tests and record our results in different ways. We will also learn about the palaeontologist, Mary Anning.

Religious Education

Our first topic will be Creation and Covenant where the children will learn about why God created the world for us. We will also learn about Lautarto Si and that it is our duty as Christians to take care of Gods planet.

English

This term, we will be reading a lot of fun and exciting books to make our English work interesting and enjoyable. We will be writing setting descriptions based on Stone Age Boy and using our history work to write non-fiction texts. We will be focussing on our handwriting, writing sentences correctly and choosing the right spelling choices as we come back to school.

Autumn 2026

Year 3

Class Teachers: Mr Ahmed

Teaching Assistants: Miss Stephenson

Mathematics

Place Value will be the focus this term to ensure that we are ready for Key Stage 2 Maths. We will be learning to understand the value of numbers up to 1000, partitioning numbers in different ways, ordering numbers before moving onto addition and subtraction. We will continue to practise our 2, 5 and 10 times tables and apply them into our work. We will also be using Times Tables Rock Stars to help us to learn our times tables in an exciting and fun way. This will be your maths homework for this year!

Other

There will be a focus on PSHE this term, as we welcome the children back to school. We will be working to ease any worries and work on identifying and managing emotions.

Design and Technology-reuse and recycle textiles topic.

Computing-Online Safety and Branching Databases.

PE & Homework

PE will be on Thursdays.

Homework will be learning spellings, Times Tables Rock Stars and reading every night.
