Design and Technology Themed Weeks

Happy and Healthy Life styles

The children have been really busy this week looking at all the different food groups as part of our healthy life style initiative. They have been learning about a balanced and nutritious diet and will be developing a particular skill related to cooking e.g. chopping, peeling, kneading. The food groups that each year group have been studying are as follows:

Reception - Vegetables

Year 1 - Fruit

Year 2 - Dairy products

Year 3 - Smart Sugars

Year 4 - Proteins

Year 5 - Fats

Year 6 - Carbohydrates

The children will all be involved in planning and making a healthy dish e.g. fruit salad or vegetable soup.

The children will bring home a newsletter at the end of the project to show what they have done.

There will be a parent workshop for all year groups in the hall after school on Friday 8th February which will be delivered by *A Life* and will give you a taste of what the children have been learning.

Please come along. Provision will be made for your children.
