5<sup>th</sup> November 2020

Dear Parent/Carers,

This letter is for your information only. We have been advised that there has been a confirmed case of COVID-19 within the Reception Class in school. The affected person was last in school on Monday 2<sup>nd</sup> November.

We have carried out a full risk assessment and as a result the Reception children are to self-isolate for 14 days from their last contact with the affected person.

As per our risk assessment the children remain in year group bubbles throughout the day and therefore your child **has not** been identified as a close contact and therefore does not need to make any change to their usual routine, including school attendance.

The most common symptoms of COVID-19 are recent onset of a new continuous cough and/or a high temperature and/or a loss of, or change in, normal sense of taste or smell (anosmia). If your child, or anyone in your household, develops these symptoms, you whole household must remain at home and not go to work, school or public areas. You should arrange testing for the person who has developed symptoms. When the result is known further advice will be available.

Testing can be arranged by calling 119 or via the NHS website: [www.nhs.uk/coronavirus](http://www.nhs.uk/coronavirus).

There are things we can all do to help reduce the risk of you and anyone you live with getting ill with COVID-19:

- wash your hands with soap and water often – do this for at least 20 seconds;
- use hand sanitiser gel if soap and water are not available;
- wash your hands as soon as you get home;
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze;
- put used tissues in the bin immediately and wash your hands afterwards;
- maintain an appropriate social distance with non-household members of over 2 metres.

Further information is available at [www.nhs.uk/coronavirus](http://www.nhs.uk/coronavirus).

Kind Regards  
Mrs Newton  
Headteacher

Through learning and loving we will follow Jesus.
